Daily Eagle M. M. MURDOCK, Editor

AND HE DIED CURSING CHRISTIANITY.

Leon Czolgosz, the anarchist and assassin, with his in that court? last breath damned the priests. He went to hades by the electrical route, cursing those, who, in the name of Chris- its workings-an always reliable cog in the machine-but tianity, sought only his eternal welfare. Pretuding martyr- the republic needs something more than a cog. It needs dom for the good of humanity, he was, in fact, but a demonical murderer in the hands of the devil. He slew inno- serve the higher interests and glory of the republic. So cence that criminality might be exalted. Howling for Justice with his lying lips, he plotted treason with his tutions filled with the spirit of devotion to the public serbrain, nursing the while in the recesses of his black heart all that is satanic and belnous. This obdurate reprobate, past praying for, unjustifiable and indefensible, went out into the dark, panoplied only by his infinite baseness. of the points insisted upon by physicians in regard to All that civilization boasts of, mercy for man, happiness for school hygiene are matters of psychological pedagogy, and humanity, of protection for the weak, has been received that physiological studies show that the child is an exdirectly at the hands of Christianity. Yet Czolgosz and ceedingly immature and delicate animal, undergoing imhis ilk, in execrating the precepts of Christianity, would rob humanity of all the manifold blessings which have calls are easily warped and injured by long-continued slowed down to it through the ages from the life of Christ. mental or physical efforts. Children have actually been The anarchist, in seeking to rob civilization of both Christ reasons physicians should favor shorter hours, more atand the law, would plunge the multitudes of this world tention to the physical side of the child, more nature study into hopeless night. But for the spirit of Christ and the precepts of Christianity, every group of anarchists in this simply burdens the memory. Pedagogues disagree among country would be landed in eternity before the setting of themselves on many of the points at issue. It is, theremnother sun, and solely for the commission of the dastardly decision when they are without well-formulated plans. crime committed by their unrepentant and incorrigible Regular periodical medical inspection, which should insatellite, Czolgosz, who introduced himself to the world by a death-dealing shot into a humane ruler's compas- schools. These examinations would not only furnish valplenate heart, and who yesterday morning for this crime went out of the world, his profane life cursing all that went out of the world, his profane life cursing all that eases. They would also detect mental and physical derenders life in it endurable, or that makes the civilized fects-stigmata-not readily recognized by parents and shackles of his own forging, going down to his doom, this should be segregated for special training. Every town wretch, void of soul or sympathy, sustained alone by with a school population of from 800 to 1,000 will have a in hatred, anathemizing the spirit which inspires all of life's which should be in charge of a person having the exblessings, his name will be recalled with a shudder, and ceptional qualifications necessary for success in work remembered only to be consigned to infamy's red role of this kind. traitors, regicides and butcher assassins.

Anarchy has gained nothing by the crime of its service tool, while Christianity has as surely been approbated by than they did before such crimes became common in old the life, character and resigned death of their illustrious canny monster from desecration and vilipendency. Retributive justice was and is an impossibility, even with the continue their depredations they will soon find that they elements of his corporcality eaten up by a caustic and its residue blotted out. But the Christian stateman, the man ous criminals, to arm for nocturnal fighting and effective who stood for Christian rule and human brotherhood, his life and deeds, will live in the hearts of coming generalove for a God of love, law and order.

veins of all our people, white and black, were pooled, and best friends in other lands redistributed, each person would have about seven parts white and one part negro blood. The white strain in him, moreover, is by no means purely American. White strains of foreign origin derived from Germany, Ireland, Scandi. Wounded as the result of the careless manipulation of firenavia, Canada, Great Britain and the countries of southern arms in the Maine woods, navia, Canada. Great Britain and the countries of southern

Europe, are collectively more powerful in his composition
than is his native strain. Thus going back for one generation, we find him to be a composite, the creation of remaining of the game season and divide it by 19 it will banker very lightly on the left arm, near widely differing bloods and nationalities. The peoples of leave quite a respectable company, the earth, from the Congo, under the equator, to the Cape for deer, bear or other game, unless we surmise that some morely to his composition. But with it all we find the private local grudges have been settled in this way, Angle-Saxon strain the dominant one."

A KANSAS MAN AT YALE.

Yale celebration, Judge Brewer said:

Cuba, with its resulting acquisition of Perto Rico and the Philippines, was but one act in the great drama, whose seem to be to shut off the season and invite hunters to Then he far distant preliate was ignorance, oppression and hate, stay at home. and whose final song shall be the angel anthem first heard by Judea's shepherds on Bethlehem's plains, and yet to rise from every human lip, earth's glad reply to heaven's prophetic message.

"Add to this the other recent products of inventive skill, the many and wondrous machines for relieving the hand, and by which all work is done with unexampled exactness and rapidity, as well as on a scale of constantly increasing magnitude. Add also the wonderful increase in our population, the thronging multitudes coming out. of every people and race on the face of the earth, with different habits of thought, different notions of government and different degrees of intelligence, and we have

"These great causes are operating in our mulist to produce wealth, consolidation, centralization. The rapid-My and multitude of mercantile transactions is seen in not without much embarrassment, by placing a bundle of colossal fortunes; in gigantic undertakings; in enormous mineral consolilations and corresponding organizations tion. or labor. Local self-control is giving way before the pressure for centralized power. The town meeting is supsome for centralized power. The town meeting is supis yielding to the expunding power of congress. Political brigand has some idea of what Uncle Sam would do. parties are largely under the management of bosses, and pointicians usem passing under the dominance of single time. Accounts of southern race riots are always exag-

central control. "in this centralizing tendency antagonistic or helpful to the republic? Is it consistent with popular government? Apparently it is untagonistic; against the repullican thought of equality of right; each man a ruler and equally having responsibilities and powers of government. Forms may not be changed. Power seldom cares shout forms. It seeks the substance of control. Many and ever be crowned. He is an old man. insidious are the temptations which attend the efforts of power to centralize and establish itself. Wealth and its offer of luxuries, sweetness of office-bolding, popular applanse, even though manufactured and purchased. He whose stands in the center has the and a thousand see him electrocuted. other strings reaching to every side of the surrounding

"You cannot stay this movement against consolidation and centralization. It is a natural evolution. The commercial spirit is taking advantage of the wonderful facilities given by steam and electricity. Injunction against strikers will not stop it; legislation against treats will step-mother a dig. not. Attempting to stay the movement of its charior wheels by injuncted or shitute is lamagy, compared with which Dame Partingion's effort to stop the Atlantic with a mop was supreme windom. Appeal must be taken to the

great court of public opinion, whose decrees are irresistible. In that court every man is counsel and every man is judge. That court may not stay the movement, but it will control it. It can make the movement with all the wonderful things attending it subserve the higher thought of ennobling the individual. Who shall lead and guide

"Here, then, is my answer to the leader of the organization. The organization may need only one trained in an educated man, and that educated man to whom organizations and individuals are simply instruments to subit is that in these days of tremendous material activities there is as never before the need for educational instivice. America needs Yale."

HYGIENE OF EARLY SCHOOL LIFE.

J. Noer enters a vigorous protest against the assumption on the part of certain modern educators that many must be settled by the pedagogues themselves. He claims portant developmental changes having no analogues in the adult, and that his plastic tissues and delicate nerve injured by injudicious school work, and for this and other out of doors in contact with actual natural objects, less of text-books, and less of the exhaustive rote drill, which I fore, absurd to leave the question solely to their own clude physiological and anthropometric examination of al the school children, should be a requirement in all public teachers. The children with marked mental and physsufficient number of children of this sort to fill a room,

MORE RESISTANCE TO SAFE BLOWERS.

Little cities and villages which are raided by safeblowers are beginning to show more power of resistance and normally quiet parts of the country. The people are growing used to the idea of fighting robbers at night, and Notoriety has won, but at the cost of what ig- it may be that more arms are kept ready for use in towns Quicklime alone will save the dust of the un. where the police force is too small to cope with half a dozen desperadoes.

If the bandirs who terrorize peaceful country places ontinue their depredations they will soon find that they are forced communities which have lived long in security, ithout preparations to resist attacks by gangs of danger-its eriminals, to arm for nocturnal fighting and effective esistance to outlaws. Then the safe-blowers will soon be alianed out by death and wounds.

Meanwhile the country is being disgraced by the roving ands of desperate thieves who stop at no crime which had of the wespons. have forced communities which have lived long in security, without preparations to resist attacks by gangs of dangerresistance to outlaws. Then the safe-blowers will soon be two thinned out by death and wounds.

tions, inspiring them with love for manknid and greater bands of desperate thieves who stop at no crime which may serve their ends. It is not possible to imagine similar attacks upon village after village, followed by escape from [10] pursuit, in most of the countries of Europe, and it must be THE AVERAGE AMERICAN STILL AN ANGLO-SAXON. confessed that the bandits who openly rob banks, post-Henry Gannet, in Everyhody's Magazine, September, offices and stores in American villages and little cities rank 1901, treats of the above subject and says: "The average with the lynchers of the south in making full faith in the American is a statistical octoroon. If the blood in the quality and scope of American civilization difficult for our

HUMAN GAME IN MAINE.

Five men have already been killed and three severely

eration, we find him to be a composite, the creation of remaining of the game season and divide it by 19 it will

All the dead and wounded thus far have been mistaken his weapon.

At the last session of the legislature a law was passed providing for the punishment of persons who through careless handling of firearms should shoot and kill or injure In the course of his commemorative address at the shorter. The punishment provided is a fine of \$1,000 or 10 our friend Roudolin dipped the rapiers be celebration, Judge Brewer said:

Our recent war with Spain for the deliverance of and only one person has been arrested under it.

Our recent war with Spain for the deliverance of and only one person has been arrested under it.

The only law conceivable to stop these accidents would

UNCLE SAM AND A SWEETHEART.

Uncle Sam is carrying Miss Anna M. Harney all the way from San Francisco to the Island of Jolo, in the Philippines, without a cent of cost to her, in order that she may join her fiance, Assistant Surgeon Thornton of the army, of Oteo county. She had a hard and heart-breaking fight of it to obtain government consent so that she might go to the new possessions on a transport. She told her love story to Senator Millard, and he transmitted it to the next story to Senator Millard, and he transmitted it to the next story to Senator Millard, and he transmitted it to the next story to Senator Millard, and he transmitted it to the next story to Senator Millard, and he transmitted it to the next story to Senator Millard, and he transmitted it to the next story to Senator Millard, and he transmitted it to the next story to Senator Millard, and he transmitted it to the next story to Senator Millard, and he transmitted it to the next story to Senator Millard, and he transmitted it to the next story to Senator Millard, and he transmitted it to the next story to Senator Millard, and he transmitted it to the next story to Senator Millard, and he transmitted it to the next story to Senator Millard, and he transmitted it is to the next story to Senator Millard, and he transmitted it is to the next story to Senator Millard, and he transmitted it is to the next story to Senator Millard, and he transmitted it is to the next story to Senator Millard, and he transmitted it is to the next story to Senator Millard, and he transmitted it is a Nebrasia girl.

The new possessions on a transport. She told her love is the next story to Senator Millard, and he transmitted it is a Nebrasia girl.

The new possessions on a transport. She told her love is the possessions of the Nebrasia girl.

The new possessions of the possessions of the new possessions of the new possessions of the Nebrasia girl.

The new possessions of the Neb atory to Senator Millard, and he transmitted it to the Ward department. Many objections were raised, but all fell barders are to young woman's pleadings, and then the governing from the young woman's pleadings, and then the governing from the young woman's pleadings, and then the governing for the problem of the word of the faith and the granted. Miss Harney after he artived, and if he did not she would be a charge upon the authorities, not without much embarrassment, by pleating a bundle of the faither of the grashepper croy. In the public does not believe the brigands will belt the second of the faither of the grashepper when the word of the faither of the grashepper croy. The public does not believe the brigands will belt the owner dismounts and goes to lock after a covey of thris, but must algorithm the owner dismounts from its time. Accounts of southern race riots are always exaggerated.

Necessarily, Louisiana has to start a race war at this time. Accounts of southern race riots are always exaggerated.

Necessarily, Louisiana has to start a race war at this time. Accounts of southern race riots are always exaggerated.

Coolgons had vanity, the vanity of the anarchist. He woman who shot Niarara Falls is suffering from concussion of the brain. She can't have much, the first of the control of the brain of the crowd.

Some in England do not believe that the king will ever be crowned. He is an old man.

The title of evecutioner in New York has passed. It is the efectivisian had not believe that those who were to see him electrocated.

And noteitheat and in the control of the partial control of the partia story to Schator Millard, and he transmitted it to the War New department. Muny objections were raised, but all fell besome of the elements which are changing the conditions Thornton would marry Miss Harney after he arrived, and

And notwithstanding his denials, Coolgosz was the instrument of a plot. Bob Evans and Hobson also have spavined memories,

according to Schley.

One of the last things Crolgosz did was to give his Anarchy is against everything, but against religion tacks

There is one crematory that has not refused Crolgosz, dente at the Baker University.

THE INDOMITABLE DOCTOR.

Andre la Mouriette, the banker, is very roud of his carefully cultivated reputa-ion for originality, and never loses an portunity to run counter to general nion and usage. But he has not the ghtest desire to impose his own views others, and, furthermore, he would not

the world have anything on his con-ence in regard to the care of his fam-So, when the smallpox sears broke and his wife talked to him about it. urged her to lose no time in going, h the children, to the family doctor a dose of the prophylactic virus, but carefully abstained from accompany-When his wife returned, she said:

The Doctor told me I must send you him to be vaccinated, too."
Just let me alone." he answered with "Just let me alone." he answered with a shrig. "You and the children have seen Jabbed, and if you like it, all right don't intend to catch smallpox, so I see to reason why I should have a sore

"As you please, my dear."
That same evening Andre went to his lub and played whist as usual. About leven o'clock the Dottor made his ap-

Dr. Lepercler was what people call. "a true Paristan." Though only forty-five, he enjoyed a great pprofessional reputation, and yet was inlimate with hosts of literary and artistic people, and never falled to attend the first performance of a new play. Besides, he was an all-around sportsman, and, in particular, an accomplished fencer.

"Did Madame is Mourlette give you my message?" he asked the banker.

"Oh, yes, Doctor; but I shall not trouble you."

You have been vaccinated recently?" Have you had smallpox?"

Then, why don't you do as other peo-
